Multi-Factor Authentication with DUO

UF + DUO = ✓

Password + **DUO** = **ACCESS**

WHAT IS TWO-FACTOR AUTHENTICATION?

Two-factor authentication makes logins more secure by requiring two methods to verify your identity. These methods can include something you know - like a username and password, plus something you have - like a smartphone app to approve authentication requests.

Connecting to the UF Network

- Connecting to 'eduroam' wireless requires downloading a software called SecureW2. Onboarding is completed by connecting to the "ufgetonline" network and going to: https://getonline.ufl.edu/

- If you change your GatorLink password, the auto-configuration will need to be re-run on all devices. Otherwise, you may be locked out of your account.

- Regularly install system updates

- We recommend you have active antivirus (Malwarebytes or Avast)

- Before connecting, you must remove any Peer2Peer software from your machine. Peer2Peer Software/Activity is FORBIDDEN on ANY UF network.

- Note: the installation or use of Tencent QQ, TikTok, WeChat, VKontakte, and Kaspersky on any university-owned device, network, or to conduct any university business, including marketing and advertising, is prohibited.

Student Authorization to Release Financial and Academic Records

For Student Financial Aid and Scholarships, University Bursar, Business Services, and University Registrar

In accordance with Federal Family Educational Rights and Privacy Act of 1974 (FERPA) (20.U.S.C.1232G), also known as the Buckley Amendment, and Section 228.093 of the Florida Statutes, the Office of Student Financial Aid and Scholarships (SFA), University Bursar (UB), Business Services, One Stop Enrollment Services and University Registrar are prohibited from releasing information concerning a student's records without the consent of the student. This includes a student's financial aid status, academic records, charges due or incurred. Therefore, if you would like for the Office of Student Financial Aid and Scholarships (SFA), University Bursar (UB), Business Services, One Stop Enrollment Services and University Registrar to discuss your financial records, academic records and campus finances with persons or agencies who are not covered under this law, you will need to specifically authorized release of your information. I authorize the offices selected below to release any and all information concerning my records to the following agencies or persons.

- **Student Financial Aid and Scholarships**

- **University Bursar**
  Finance charges, Payments, and Adjustments

- **Business Services**
  UF Bookstore, Dining, and Meal Plans

- **University Registrar**
  Academic Records

I authorize the offices selected below to release any and all information concerning my records to the following agencies or persons.

| Actions	Agency or Person	Relationship (if Person)	Student Financial Aid and Scholarships	University Bursar	Business Services	University Registrar	Date

- Grammarly Premium
- To purchase, clients can come into our offices, located at HUB 132 to purchase this media. Please have your Gator1 ID or Drivers' license with you for proof of identity.

- Visit http://helpdesk.ufl.edu/software-services/ for more info!

Student Offerings	
SPSS	$35.00
SAS: Windows OS Only	$36.00
AMOS: Windows OS Only	$35.00

*Prices do NOT include tax. Florida State tax is 6%
Only 1 piece of media is allowed per customer

VPN

- Download at helpdesk.ufl.edu/vpn

- The Gatorlink VPN service provides secure remote access to the University of Florida network and makes it appear as if your computer were physically attached to the campus network. By using the Gatorlink VPN client, you may access resources on the UF network that are not typically available over an Internet path.
