

UFIT Applications, Development, & Integrations

ONE.UF Quality Testing Internship

Hiring Manager Name & Title: Gary Grossheim, IT Analyst III – Leader of Quality Control Services Team

Department: Applications, Development, and Integrations

Title of Internship: Quality Testing Internship – ONE.UF

Brief Description of Internship:

Individual will assist testing analysts with developing, performing, and managing testing of the ONE.UF Student Portal in an Agile-like sprint development cycle.

Specific Duties:

- Participate in sprint development sessions
- Create, update, and perform test scripts based on sprint cycle stories
- Track, report, and retest defects found
- Assist identifying processes that can be automated for more efficient testing cycles

Hours Per Week: 10 -15 hours per week

Work Location: 800 SW 2nd Avenue, Gainesville

Hourly Rate: \$12

Qualifications Needed:

- Knowledge of the Software Development Life Cycle and Agile Development
- Strong analytical abilities and a desire to “break” software, then help fix it
- Strong writing and communication skills

Learning Objectives:

- Demonstrate openness, inclusiveness, sensitivity, and the ability to interact respectfully with all people and understand individuals’ differences in order to design and manage testing to ensure functionality meets story requirements.
- Learn, assess, and implement quality in an Agile-like development environment.
- Develop interpersonal skills which will enable them to build professional relationships, work within a team structure, and to manage conflict in the workplace in fast paced development environment.
